IRRIGATION PUMPING SERVICE

This schedule is available to qualifying customers of the Cooperative receiving service for irrigation pumping, and is applicable to all irrigation services with a 10 H.P. minimum.

Customer Charge:		\$40.00 per month
Energy Charge:	0 to 134 kWh's per kW (0 to 100 kWh's per H.P.)	\$0.1075 per kWh
	Over 134 kWh's per kW (Over 100 kWh's per H.P.)	\$0.0595 per kWh

The kW for billing purposes shall be the maximum kW used during each month.

If a bill for service is not paid within 20 days of the date the bill is rendered, the Cooperative will discontinue service by reason of nonpayment upon not less than 48 hours written notice. The service will not be reconnected until the outstanding bill is paid in full.

Service under this rate schedule will be disconnected at the end of October, unless prior arrangements are made. Those wishing the service to remain connected will be billed monthly the \$40 customer charge plus kWh charges.

Service under this rate schedule will be connected in April, unless prior arrangements are made. Those wishing to be connected or disconnected at times other than April and October will be charged a \$20 connect and disconnect fee.

POWER FACTOR: The customer shall maintain not less than a 95% lagging power factor. Those customers which are determined to have power factors of less than 95% lagging shall have the demand for billing purposes increased by 1% for every 1% that the power factor is less than 95%.

Effective: April 2016 Billing
