

How GreenWay pricing works:

1. Check your monthly power bill and determine the amount of premium you are willing to contribute in addition to your regular monthly billing.
2. Select the green power block that matches the premium you are willingly to contribute from the schedule below.
3. Add your current power bill to the green power monthly premium to determine your total monthly charges.

How many 300 kWh blocks of green power would you like to purchase each month?

- 1 = \$6.00 / month
- 2 = \$12.00 / month
- 3 = \$18.00 / month
- 4 = \$24.00 / month
- 5 = \$30.00 / month

Yes... I want to sign up for Dixie Power's GreenWay Program!
